## NRC After School Program

### Youth Council

#### What is it?

The Youth Council is a group of older students who will mentor and lead by example to positively influence younger students.

#### Why does it exist?

Positive role models are not always available. Through the format of spots and skill development, the youth council will consistently model good values and decision making for the younger attendees.

#### What will it do?

This will help younger students to grow with good values. It will enable the members of the council to develop strong leadership and interpersonal skills.

As a Youth Council Member, you will be a living example of the desired end results of the program. Therefore, there are several specific expectations for you in this role. Failure to meet these expectations may result in you being removed from the Youth Council.

Please initial beside each expectation to indicate that you have read and accepted it.

- I will be here every day that I am scheduled to be here
- I will be on time every day that I am scheduled to be here
- I will follow the rules of the program.
  - No foul language
  - No aggressive behaviour
  - No pop or junk food during the program
- I will actively participate in the fundraising aspects of the program
